**FULLY
ADJUSTABLE
WORK
STATIONS**

The most advanced practical training facility in the north of the UK

- Thirteen fully-adjustable electric surgical tables, each with their own powerful operating light and state-of-the-art audio-visual screen system. Each screen can be connected directly to the speaker's master screen so delegates can see what is being demonstrated without moving from their own work stations
- The facility is fitted with the highest quality dental equipment, latest surgical and diagnostic equipment, ultrasonography and brand new instrumentation for a range of orthopaedic and soft tissue procedures
- There are flexible spaces for theoretical and practical sessions which allow delegates to interact with the speaker and fellow delegates, maximising the overall learning experience

Learn new key skills and knowledge which can be applied back in practice, improving patient care and practice profitability
