

ONLINE BITESIZE CPD

Keep your knowledge up-to-date,
online, anytime.

Our online Bitesize CPD is designed for veterinary professionals who wish to gain the latest skills in key clinical subjects.

Just Log-in and Learn

Even if you're not confident with learning online, our Bitesize CPD couldn't be easier.

We also have a team of people, who will be happy to help you at any stage

Online Bitesize CPD

Short bursts of online learning for busy veterinary professionals

Our Online Bitesize CPD is an engaging continuing professional development resource allowing you to meet your annual CPD requirements.

Flexible – Available to access anywhere and anytime via computer, tablet or mobile device. All learning activities have been developed in short 20, 40 or 60 minute modules, which will enable you to easily complete at a time that suits you.

Relevant - Keep up to date in key subjects relevant to practice. Once you have subscribed you will have access to new and archived content, giving you an extremely valuable educational resource. Content has been carefully selected to cover all of the key clinical areas with new and interactive content added on a regular basis.

Engaging – A range of content, from lectures to quizzes to interactive case studies or browse the library of activities to find the ones that meet your interest. All the online modules are visually engaging, highly interactive and informative - ensuring your online experience will be just as rewarding as any face to face lecture.

Rewarding – All Bitesize CPD activity is logged so that you can keep track of your accredited learning. Upon completing your activities a CPD badge is awarded identifying the time spent and when you're ready, you can download your certificate with your total CPD earned.
